

# Pacific Shades Master Shade

Australian Made Cantilever Umbrella

A retractable cantilever umbrella that rotates 360 degrees with 3 tilt positions, providing protection as the sun moves throughout the day. These Australian made umbrellas are engineered and wind rated for tough conditions. The Master Shade is perfect for both commercial and residential settings particularly around pools and BBQ areas.

## Highlights

- > 100% Australian made
- > Wind rated up to 100km/h
- > Structural aluminium powder coated frame
- > Hot dipped galvanized base
- > Marine quality stainless steel fittings
- > Docril Fabrics® solution dyed acrylic canopy
